J.H. McDonald,

City,

Dear Sir:

Supplemental to our conversation, I hand you herewith copy of transcript in case of Provo Reservoir Company vs. Provo City et. al, relative to acreage of parties represented by you and whose lands are irrigated from Spring Creek in Utah County.

You will observe as I have underscored that an agreement between the parties was never arrived at, and that later some additional testimony was introduced by the witness Mr. Swan, and that the plaintiff contended that the difference in area between the Stewart Survey and the Swan Survey was made by the clearing of land after the commencement of this action.

The Court's decision in this matter was rendered before the Swan testimony, and we have no record of any modification of the decision, relative to these areas.

Yours Very Truly,

---

Commissioner.
